

Schiphol, July 7 2017

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to unexpected participation in a challenging international improvement project which is time-consuming but will eventually lead to a great and unique service for CO2 reduction in the airfreight industry. If you would like to receive more information on this service, please send an email to info@rhegreen.com.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by September 7, 2017 at the latest.

Sincerely yours,

Krista Zuurmond
