

10 July 2017

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a CEO statement marking our continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We seek an extension in posting our COP report this year. Unlike previous years in which we submitted a stand-alone Sustainability Report, this year we will be submitting an Integrated Sustainability and Financial Report. This report will highlight the integrated manner in which financial performance, environmental, social and governance performance, impact, and our firm's commitment to the UN Sustainable Development Goals are being measured. In order to communicate a holistic view of our financial and sustainability performance, we request a new recurring submission date of 15 October which will align with the close of our financial year (2016/17).

Our new COP Integrated Sustainability and Financial Report will be posted on the UN Global Compact website by 15 October, 2017.

Yours sincerely,

Mr. Vinay Chawla
Director, The Abraaj Group
