

17 July 2017

To our stakeholders,

We recognise that a key requirement for participation in the UN Global Compact is the annual Communication on Progress (COP) that comprises a CEO statement of continued support for the UN Global Compact with a description of practical actions with regard to the principles of the UN Global Compact and a measurement of outcomes. A key part of Singtel's annual COP is our Sustainability Report which details our performance in these areas.

Our COP is delayed as the Singtel Group Sustainability Report 2017 which is normally released together with our Annual Report is delayed by a few months to accommodate an updated materiality assessment and Board approval.

We hereby request for an extension to post our COP on the UN Global Compact website by 17 October 2017.

Sincerely yours,
