

Panama, 20 June 2017

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) comprising a statement from our CEO declaring continued support for the UN Global Compact, a description of the practical actions we have taken with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP due to travel schedules and key personnel transitions that have briefly compromised our internal capabilities. We hereby reaffirm our commitment to posting our COP as soon as possible to reflect our adherence to the principles of the UN Global Compact.

We therefore respectfully request an extension period to post a COP that describes our actions during the reporting period in accordance with the UNGC principles. Our 2016 COP will be posted on the website no later than September 21, 2017.

Sincerely yours,

Mercedes Morris Garcia  
Vice President of Public Affairs and Sustainability
