Object: COP – Request a Grace Period to communicate

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is an annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our first COP report due mainly at the communication date in the middle of the leave period of the team in charge of this work.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by the end of September instead of 18th August.

Sincerely Yours,

Philippe BELIN
CEO
