To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the organizational changes that our company has been undergoing during the last year.
There has been a change in ownership of the company, and we are still in the process of integration within the new structure.

We hereby ask for an extension period, in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.
Our new COP report will be posted on the UN Global Compact website by 17th of November 2017 at the latest.

Sincerely yours,

Gemma Tarrida
