RE: Communication on Engagement Grace Period

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a chief executive statement of continued support for the UN Global Compact, a description of practical actions in support of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are in the final stages of preparing our COP report because new and relevant data which further illuminates SkyPower's key accomplishments during the reporting period will be available only in the coming days.

We hereby seek a brief extension period in order to be able to submit and post a COP that best describes our organization's efforts and progress in continued support of the UN Global Compact and the SDGs, which are core to our business strategy. Our updated COP will be posted on the UN Global Compact website by September 15, 2017 at the latest.

With all due respect, I remain.

Yours truly,

A handwritten signature in black ink, appearing to read 'Kerry Adler', is written over the 'Yours truly,' text.
