CHAIRMAN OF THE BOARD

To the United Nations Global Compact:

Responsible behavior is an implicit part of the Tiffany brand promise.

I am pleased to reaffirm Tiffany & Co.'s continued support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labor Standards, Environment and Anti-Corruption. With this Communication on Progress (COP), we express our ongoing commitment to continue to advance these principles within our sphere of influence.

Moreover, Tiffany & Co. is proud to contribute to progress on many of the Sustainable Development Goals (SDGs). We hope to drive progress on these shared global agendas through our work as a company and through our collaboration with other businesses, our industry, civil society and government.

The COP and a description of how we support the SDGs are integrated into our seventh annual Tiffany & Co. Sustainability Report which is shared publicly on Tiffany.com. Our goal is to be open, transparent and honest in our reporting and to improve it over time.

We are proud of our achievements to date and aim to continue to evolve our responsible business practices to make more positive contributions to nature and our global communities.

Sincerely,
