To our Stakeholder:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprise of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report, though, previously our submission was on time, this letter of grace is due to inactive local South Africa UN Global Compact though we have repeatedly shown and expressed our keen interest of active engagement and consultation with the local UN Global Compact, South Africa local UN Global Compact fails to demonstrate enthusiasm of engagement.

We hereby ask for an extension period in order to be able to post a COP that describes our **NGO's** efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by **29 December 2017** from COP deadline of the **1st October 2017** at the latest.
