# GRACE LETTER

**To our stakeholders:**

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a very recent (1<sup>st</sup> of August 2017) change at the CEO position in Green Network A/S. Susanne Lydholm is the new CEO of Green Network and in the coming months, she will review our commitment to the UN Global Compact in order for us to submit a COP that fully reflect our dedication to the 10 principles and our support of the network.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 12<sup>th</sup> of January 2018 at the latest.

**Sincerely yours,**

Thomas Kjærgaard, CBDO  
Green Network A/S
