

### **ANNUAL REPORT: 2015 (1<sup>st</sup> April)~2016 (31<sup>st</sup> March)**

This year including donation (both cash & kind), sponsorship, bank interest, and even taking little loan, we expense Rs. 45,07,605/- for social welfare and organize the following programs, spread over Pan India.

**To stop Thalassemia AJA RAKTABASTI TREATMENT** mentioned in ayurveda thousand of years ago are proving to be useful. By this treatment the interval between successive blood transfusion is found to be increasing along with reducing the level of ferritin in patients' body. Part of the treatment - Punarnavadi Vati & Aja-Ghee already proven helpful for formation of new mature and healthy RBCs. This treatment is authentic, safe, painless and capable to prolonging the duration between successive blood transfusion, resultant less blood transfusion are required and level of ferritin automatically be reduced. Altogether the immune of patient become stronger and the life expectancy increased. Thus it is the only ray of hope - not only in India but also in whole world for patients suffering from Thalassemia major.

We intend to undertake the aim of **THALASSEMIA FREE INDIA** through the above treatment procedure & on way to pursue this pious endeavor under the guidance & monitoring of: Directorate of Indian System of Medicine and Homeopathy, Health and Family welfare Department, Ministry of Health & Family Welfare, Government of Gujarat.

November 29<sup>th</sup>, Sunday was fixed for the open forum discussion-direction-counseling which was graced by eminent Thalassemia treating professionals from Delhi & other states including Chief monitoring Officer, Thalassemia Specialty Clinics, Gujarat state, on the Issue: **"THALASSEMIA - PROCEDURE TO LIVE A COMPERATIVELY HEALTY LIFE"** at Krsna Cottage-near Railway Reservation Centre, Karkardooma, Delhi - 110092, the audience presented in the program among the Thalassemia treated doctors, patients' family members, general public and the expert of the new treatment initiators. Everyone was enjoying the scientific explanation and arguments later on by the treating learned physician of ayurveda & modern medicine (allopathic) fraternity on the treatment procedures till each of one present in audience become satisfied with scientific data based analytical explanation.

Now we intend to start the Thalassemia treatment clinic equipped with the above described indigenous formulation of ancient Indian resource to treat the disease in full swing which will be totally free of cost for the beneficiaries.

**Dr. Atul, Nodal Officer, Govt. of Gujarat, making audience aware.**
