**Part I. Statement of Continued Support by the JCI Secretary General**

Dear JCI stakeholders,

I am pleased to confirm that JCI reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labour, Environment and Anti-Corruption. This is our Communication on Engagement with the United Nations Global Compact. We welcome feedback on its contents.

Since 2008, JCI and the UN Global Compact have had a formal partnership through a Memorandum of Understanding. Through this collaboration, JCI members around the world have been advocating and implementing the 10 principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption.

JCI remains committed to the work and efforts of the UN Global Compact through our network of nearly 200,000 young active citizens ages 18 to 40 in over 120 countries. JCI members work to unite all sectors of society to create positive change, and business is a key component of this work.

JCI and the UN Global Compact share a commitment to connecting businesses with their communities to create a better world. Through our collaboration and within the framework of the Global Goals for Sustainable Development, we will unite all sectors of society to create sustainable impact.

We remain committed to the UN Global Compact and look forward to continuing and enhancing our collaboration.

Sincerely,

JCI Secretary General
