October 30, 2017

Dear UN Global Compact,

I am pleased to confirm that the Karabakh Foundation fully supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

As KF we have decried corruption and violations of human, labor, and environmental rights in our published articles and U.S. Congressional testimonies (e.g., to the Appropriations Committee) for many years. Since 2009, we have published several articles in the U.S. media alone, spoken on radio and TV, as well as given interviews to foreign media. We have also published numerous factsheets on our website exposing these issues and educating readers – thousands of web readers have viewed these factsheets over the years.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in Country/Local Networks; involvement in specialized initiatives and workstreams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

Sincerely yours,

Adil Baguirov, Ph.D.
Co-founder and Chairman of the Board of Directors
