Dear Mr. Secretary-General,

I am pleased to confirm that Society for Technology and Action for Rural Advancement (TARA) supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we provide herewith **Communication on Engagement** consisting of work progress for the year 2016-2017 in implementing the ten principles to our stakeholders and the general public.

We express our intent to further advance these principles within our sphere of influence and pledge to continue taking part in the activities of the UN Global Compact where appropriate and feasible — through, for instance, participation in Country/Local Networks; involvement in specialized initiatives and work streams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

Thanks,

Sincerely yours,

Mr. Shrashtant Patara

Chief Executive Officer, TARA
