GRACE LETTER

November 20th, 2017

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the direct and indirect repercussions of the Tunisian revolution, Tifert experienced some difficulties in setting up its procedures. However, today Tifert is confident that with the will of its General Management, the involvement of its new executives and the full integration of its ERP, it will be able to produce satisfactory and timely reporting.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by March 15th, 2018 at the latest.

Sincerely yours,

.....
Mr. Elhoucine MIRI
Deputy General Technical Manager
