COMMUNICATION ON PROGRESS YEAR: 2017

Statement of Continued Support of the UN Global Compact.

We confirm that Kaluworks Limited supports the ten principles of the United Nations Global Compact relating to Respect to Human, Labour rights, the Environment and Anti-corruption. Our posting of this communication is our strongest expression to continue supporting the same within our areas of influence. Our corporate core values have been aligned to ensure overall behavior is in line with the values and principles of global compact. Integrity and transparency are fundamental core values of the company's strategy.

Kaluworks limited is also committed to the promotion of responsible corporate citizenship, continuous improvement for sustainable change and growth and being part of the solution to the global challenges.

We also reaffirm our solid commitment to making the Global Compact, its principle and values as core areas of our corporate strategy, business culture and ethics. This information will not only be communicated but commitment from our key partners relating to our employees, shareholders, clients, nearby community and the general public sought.

We stand that the annual submission Of Communication on Progress (COP) forms a key requirement for participation in the Global Compact. Hence, our communication of progress for year 2017 hereby expresses our effort to implement the ten principles. We shall continuously endeavour to seek and gain support for public accountability, transparency and elimination of all sorts of corruption in our business dealings.

With this, we hereby commit to report annually on the progresses as required by the Global Compact (COP) policy.

Sincerely,

Venu Nair
Director
