

18 December 2017

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the preparation and posting of a Communication on Engagement (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions in regard to organization's efforts to support the UN Global Compact in advancing the ten principles and to engage in the initiative and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the absence of the Contact Point Person due to reasons beyond our control.

We hereby ask for an extension period in order to be able to post a COE that describes our company's efforts and progress to support and to engage with the Global Compact. Our new COP report will be posted on the UN Global Compact website by *28 February 2018* at the latest.

Yours Sincerely

For SECURICO SECURITY SERVICES
