To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to very rapid development of our company abroad by opening new branches, and recent changes in national laws, which in order to implement all and to make a report takes a little more time than expected and out of the time frame.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by January 31st, 2018 at the latest.

Sincerely yours,

Mr. Ioannis Kapatos
CEO
