

Direction de la Communication, du Développement Durable
et de l'Innovation

Casablanca, the 8th January 2018

Developing a responsible dialogue with our stakeholders is a continuous engagement of Lydec and a key objective of its CSR strategy.

In this context, the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes, is an important milestone of our CSR communication to our stakeholders.

Furthermore, Lydec became in 2017 leading partner of the launch of the Moroccan Network of the Global Compact. It has also published its first report on social, societal and environmental contribution which is available on www.lydec.ma.

In this context, we wish to publish our Communication on progress for the year 2017, in line with the GC advanced COP criteria, and which describes our actions to implement the SDG's in our strategy.

We hereby ask for an extension period in order to be able to post a GC advanced COP criteria that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 9th Februray at the latest.

Sincerely yours,

Mrs Caroline Orjebin-Yousfaoui

Head of Sustainable Development Department

Lydec
