To our stakeholders

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes

We are late in creating, sharing and posting our COP report due to unforeseen events that have led to a major international project being delayed which has had an impact on those responsible for completing and reviewing the COP in time for the deadline.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by the 15<sup>th</sup> April 2018, a maximum 90 days from our COP deadline at the latest.

We are as ever fully committed to the UNGC and take significant pride in our commitment to the principles. We look forward to submitting our COP Report and our continued focus on exceptional governance.

Faithfully
