

To our stakeholders:

We recognise that a key requirement for participation in the UN Global Compact is the regular preparation and posting of a Communication on Engagement (COE) that comprises of a Chairman of the Board statement on continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Due to changes in relevant positions within the organization, we are late in creating, sharing and posting our COE report. Both the chairmanship of the ETNO Executive Board has changed recently as well as the chairmanship of the Sustainable Development Working Group. Therefore more time is necessary to prepare an appropriate COE.

We hereby ask for an extension period in order to be able to post a COE that describes our association's efforts and progress to implement the principles of the UN Global Compact. Our new COE report will be posted on the UN Global Compact website at the latest by 29th of March 2018.

Sincerely yours,

Lise Fuhr
