Re: Grace Letter

We recognize that a key requirement for participation in the UN Global Compact is the preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions in regard to our organization's efforts to support the UN Global Compact in advancing the ten principles and to engage in the initiative and a measurement of outcomes.

Furthermore, we are late in creating, sharing and posting our COP report due to our active participation in a nationwide sensitization program for the upcoming Presidential and general elections schedule for March 7, 2018. In lieu of this, we therefore ask for an extension period in order to be able to post our COP which describe our organization's effort and progress to support and to engage with the UN Global Compact. Our new COP report will be posted on the UN Global Compact website on or before March 27, 2018.

Thank you for your understanding and mutual co-operation.
