20 February 2018

Dear Stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to our desire to include the comprehensive results of our internal product audit which forms a significant piece in our company's efforts and progress to implement the principles of the UN Global Compact.

We hereby ask for an extension period in order to be able to post a COP. Our COP report will be posted on the UN Global Compact website by 20 April 2018 at the latest.

Yours faithfully
