To our stakeholders

We fully recognize key requirements for participation in the Global Compact. Because of longer than normal production season in 2017 we could be late in posting our Communication on Progress (COP) report. We hereby asked for an extension period in order to be able to post a COP that fully describes our company's efforts and progress to implement the principles of the UN Global Compact. Our COP report will be posted on the UN Global Compact website by 1<sup>st</sup> of May at the latest.

We appreciate and highly value your support and understanding.

Sincerely,

Svitlana Mozgova  
Head of CSR
