Shipping Agencies Limited

6th. March 2018

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to our CEO travelling out of the country to complete paperwork for the opening of the Company in Conakry, Guinea and to put in motion also the establishment of the company in Monrovia, Liberia. These events have eaten into his timing and resulting in the late submission of the COP report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 6th. April 2018 at the latest.

Sincerely yours,
