

# Connecting the Last Billion

**Kumbaya powers connectivity. Connectivity powers knowledge.  
Knowledge powers social and economic progress**

[LEARN MORE ABOUT THE SOLUTION](#)

A stylized world map composed of blue diagonal lines on a white background, positioned in the upper half of the slide.

**We live in a world with more than  
7 billion people**

A horizontal band with a teal-to-green gradient, serving as a background for the second text block.

**Connectivity is the cornerstone of  
the Global Economy**

Electricity  
Powers  
Connectivity

Connectivity  
Powers  
Knowledge

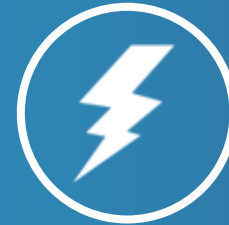

Knowledge Powers  
Social & Economic  
Progress

4 billion people are not  
connected to the internet

1.3 billion people lack access  
to electricity

Over 600 million of those  
people live on less than \$1.50  
a day in Sub-Saharan Africa

*“We talk about having an equal opportunity to be able to create a change in the world, and I think that's a really hard thing to do if you don't have access to some of the basic infrastructure and technical tools that are necessary...”*

President Obama,  
Global Entrepreneurship Summit 2016

# Energizing the underserved nations around the globe with smart and sustainable solar power products and connectivity solutions

READ MORE

Through its zeroXess technology, Kumbaya is bringing Power and connectivity to low or off-grid populations, enabling TV, radio, weather/CO sensors, remote healthcare, fintech, education, and more, to benefit the underserved men, women, and children around the world who need it most.
