

Dear Stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the deadline coinciding with the preparation of a number of exhibitions and members of the management travelling overseas to attend ITB Berlin, business trip to London and a Roadshow in Australia. We hope that these will help to extend business worldwide but we are still committed to the UN Global Compact and wish to continue our support of the principles and values.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 23rd March 2018 at the latest.

Sincerely yours,

Mrs Natalie McCamlie

Sales and Marketing Manager
