Subject: Communication on Engagement Grace Period Letter

Greetings,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Engagement (COE) that comprises of a chief executive statement of continued support for the UN Global Compact, a description of practical actions in support of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COE report due to the convergence of two events, which has taken me away from dedicating the needed time to report: (1) facilitating and participating in the 3rd Caring Economy Testimonial Fair, scheduled for 03/31/2018; and (2) rolling out the Caring Citizen Excellence in Peace Building Initiative, an eleven partner initiative, which ESP manages. Both of these events promote our desire to partner with Rotarians and their various clubs, districts, or Rotarian Action Groups to help us communicate to our sphere of influence how we respect, protect, and promote human rights.

We hereby ask for an extension period in order to be able to post a COE that describes our organizations efforts and progress in support of the UN Global Compact. Our COE will be posted on the UN Global Compact by 15 June 2018 at the latest.

Sincerely yours,

Chuck Watts
