Grace Letter

Dear Reporting team,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress that comprises of statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

As an institution of higher education actively involved with the United Nations Global Compact, Kristianstad University recognizes that a key requirement for participation in the Global Compact is the biennial preparation and posting of the COE "Communication on Engagement" report. We are late in creating, sharing and posting our COE report due to our first attempt at writing a detailed COE report, which includes disclosing our progress in implementing the ten principles, we are anticipating to engage the faculty member's administration for an extensive review. We are late in creating, sharing and posting our COE report due on 8 February 2018. We hereby ask for an extension period in order to be able to post a COE that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our COE report will be posted on the UN Global Compact website by 8 May 2018 at the latest.

Sincerely yours,

Karin Alm
