

Cairo, Monday, March 26th, 2018

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Engagement (COE) that comprises of a chief executive statement of continued support for the UN Global Compact, a description of practical actions in support of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COE report due to the very fast expansion of our activities during this last period which is leading us to organize our operations differently, following the entering into cooperation agreements with major organizations in Egypt. Indeed, as we have pioneered in the development of digital solutions in the agribusiness sector and in particular towards setting-up inclusive business approaches and value chains strategies to link small farmers and SMEs with their eco-system, we are now faced with the need to strengthen our base.

As such, we have preferred to postpone the sending of our report to be able to portray such changes.

We hereby ask for an extension period in order to be able to post a COE that describes our organization's efforts and progress in support of the UN Global Compact. Our COE will be posted on the UN Global Compact website by March 27th, 2018, max 90 days from current deadline.at the latest.

Sincerely yours,

J. Dorra Fiani
President Knowledge Economy Foundation
