Grace letter asking for extension of the deadline for submitting mc's COP

Dear Ladies and Gentlemen,

We would hereby like to request an extension of the deadline for our annual Communications on Progress (COP). media consulta can refer to improvements in the implementation of UN Global Compact's 10 principles. However, since the last months were connected with a lot of work for various clients and several business travels – the latter partly on short notice – we are afraid that we need some more time to include the vast number of new information in a well-structured report.

I would like to apologize for the delay, but can promise you to submit the COP soon. Our new COP report will be posted on the UN Global Compact website on the 6th of July 2018 at the latest. Thank you very much for your patience.

Yours sincerely,

Harald Zulauf
(CEO of media consulta International Holding)
