

Industry & Innovation Department

To our stakeholders

Montrouge, March the 30th 2018

We recognize that a key requirement to participate in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that includes a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a last-minute constraint. We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website in maximum 90 days at the latest, from our COP deadline, which was March 30th.

Sincerely yours,

François Picand
Deputy Director of the Industry & Innovation Department
