Muskiz April 11, 2018

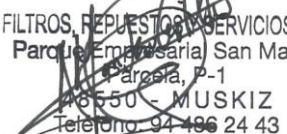

*To our stakeholders:*

*We recognize that a key for participation in the UN Global Compact is the annual preparation and posting of a Communication of Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regards to the principles of UN Global Compact, and a measurement of outcomes or expected outcomes.*

*We are late in creating, sharing and posting our COP report due to not have time enough because of illness of the person in charge of writing the report.*

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of UN Global Compact. Our new COP report will be posted on the UN Global Compact website by July 01, 2018 at the latest.

Sincerely yours
