Dear Sir / Madam,

We, as International College, are interested in continuing our membership of the UN Global Compact. We have been drafting our COE for a week now but it still needs more time to finalise. There are many activities specific to the Sustainable Development Goals at our institution and which of course take time to document. There are also several stakeholders who we would wish to be involved in such a report. The 90 day grace period is a generous grace offer but we envisage requiring much less than this in order to submit.

Yours sincerely,

Richard Bampfylde
