To Our stakeholders:

We recognize that a key requirement for participation in the Global Compact is the annual preparation and position of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions about the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report because we have been working on new projects of the company.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by 05 August at the latest.

Sincerely Yours,
