To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report because in the first few months of 2018 CMC launched some new initiatives to support the objectives and principles of the United Nations Global Compact, for which we are collecting information and which we would like to be able to describe and report in detail in the Communication on Progress (COP).

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 90 days from COP deadline – 25.08.2018 - at the latest.

Sincerely yours,

Alfredo Fioretti
