Dear Mr. Secretary-General,

We are pleased to confirm that our social enterprise Java Mountain Coffee supports the ten principles of the Global Compact on human rights, labour, environment and anti-corruption.

With this communication, we express our commitment to contribute to the specific principles of gender equality, climate action, poverty, responsible consumption and production, environment, decent work and economic growth, sustainable cities and communities, life on the land, and social justice under the United Nations Sustainable Development Goals.

We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

We support public accountability and transparency, and have made such a public commitment on our website, which includes commitment to report on our progress in 2019 and annually thereafter according to the Global Compact COP policy. This will include; a statement signed by our Director expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.

A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption). A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Lusi Candra Kirana
Director.
