CHUBB®

Dear. Mr. Secretary General,

I am pleased to confirm that Chubb supports the Ten Principles of the United Nations Global Compact on human rights, environment, anti-corruption, and labor. We are committed to making the UN Global Compact and its principles part of the culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the Sustainable Development goals. Chubb will make a clear public statement of this commitment.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a report that describes our company's commitment to the Ten Principles. We will submit our first report within one year of joining the UN Global Compact, and annually while we continue as a member of the Compact.

Sincerely yours,

Evan Greenberg
