Dear Sirs and Madams,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to non-availability of the key handler of UNGC related issues. This person concerned, who was diligently handling the UNGC matters from our organization went on a long marriage leave just around the time when COP was to be filled up from us. We were under the impression that he had submitted the COP but realized it now that it was not when we tried to nominate our President, Dr. GD Singh for the UNGC Pioneers.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by June 23, 2018 at the latest.

**Sincerely yours,**

**Alok Mathur**
