Re: UN Global Compact COMMUNICATION ON ENGAGEMENT (COE) BY FEED, INC.

Dear Mr. Secretary General,

I am pleased to confirm that FEED supports the principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and have made a clear statement of this commitment to our stakeholders and the general public via our website: <https://feed.org.ph/partners/un-global-compact/>.

Since signing two years ago in 2016, we pledged to participate in and engage with the UN Global Compact in the following ways:

1. Implemented partnerships on corporate sustainability and engaged with private sector stakeholders, for scholarships, research and tree planting activities focused on reforestation, climate change workshops, bio-intensive gardens tackling food security, and integrated watershed management supporting water security;
2. Ensure the UN Global Compact commitments are regularly communicated to our business partners through FEED's Corporate Social Responsibility (CSR) Tree Planting & Nurturing Programs, as they implement and report on their sustainability efforts;
3. Engaged with Global Compact Local Networks; and
4. Supported various issue platforms and work streams related to sustainability by means of arranging and participating in interviews with mass communications and science students of various academic institutions, to help raise awareness with youth leaders through social media.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to again reporting on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Ophelia Mananquil Bakker
President
