To our stakeholders:

We recognize that a basic requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Due to organizational changes in our Company, we are late in creating, sharing and posting our COP report so we hereby ask for a short extension period in order to be able to post a proper COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by 08/07/2018 at the latest.

Sincerely yours,

Víctor Cabal
