UN Global Compact

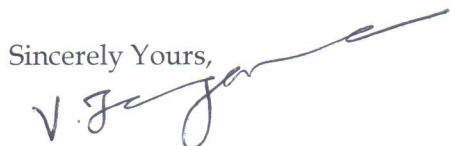

Dear Sir,

We recognize that a key requirement for participation in the UN Global Compact is the preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions in regard to organization's efforts to support the UN Global Compact in advancing the ten principles and to engage in the initiative and a measurement of outcomes or expected outcomes.

Our Annual report is finalized and released generally between mid of July to end July and sustainability report by mid of August. These reports are important for transparent reporting of our performance against UNGC principles and linkage with advanced COP submission.

In view of above, we request for an extension period in order to be enable us post a COP that describes our company's efforts and progress to support and to engage with the Global Compact. Our new COP report will be posted on the UN Global Compact website before 22nd Oct'18.

Sincerely Yours,
