## PURPOSE

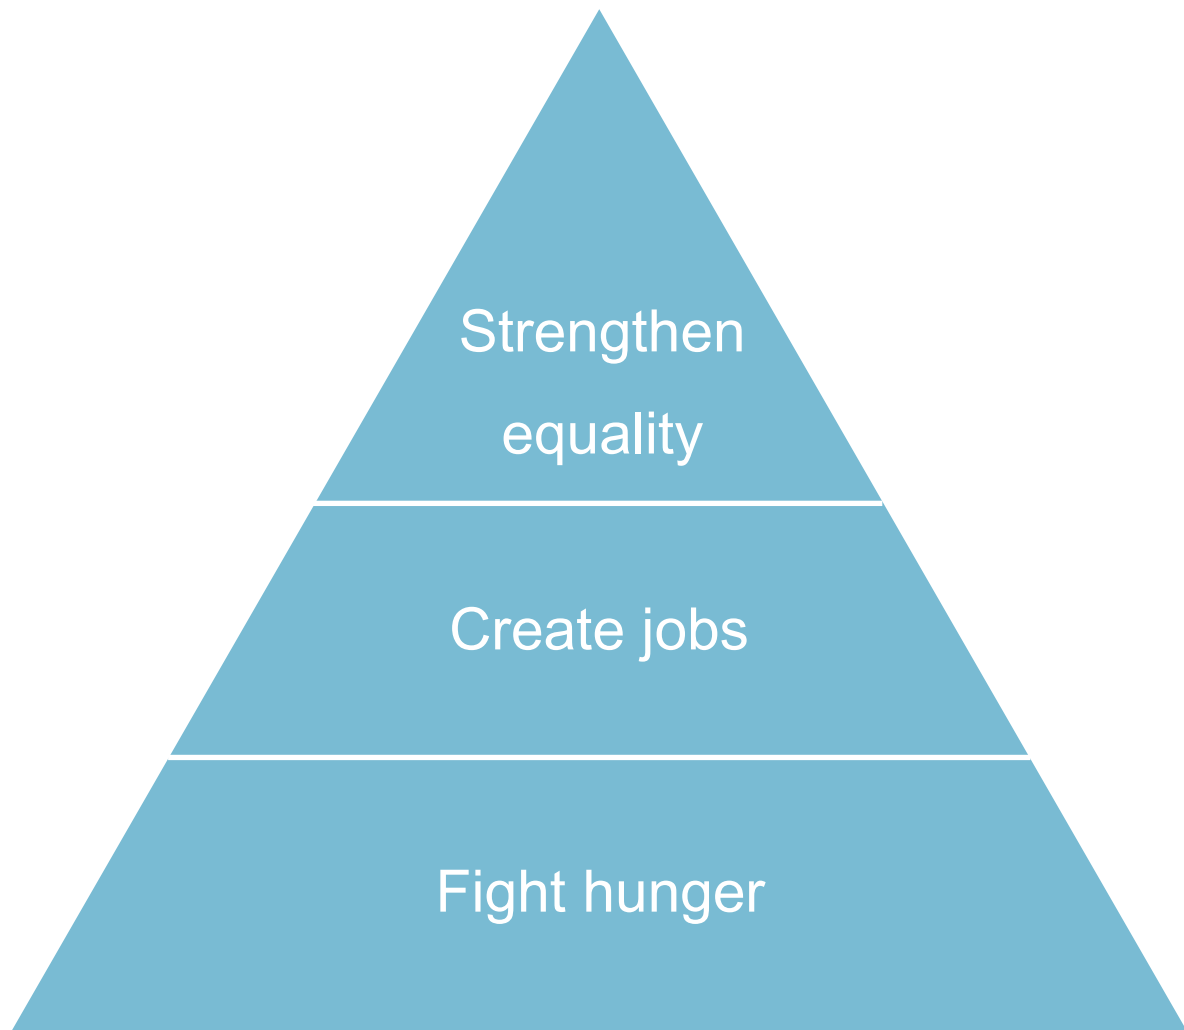

The purpose of Global Supporters is to support help-to-selfhelp initiatives (in accordance with UN principles) in the world's least developed countries or to less-resourced persons, cf. Section 3, and to acquire the resources to do so.

### Section 3

- in third world countries
- in countries with extreme poverty according to the World Bank's definition
- in countries with relative poverty after the OECD poverty deficit
- in countries where it benefits oppressed populations following the United Nations Universal Declaration of Human Rights

# Why we do it

Global Supporters believe that the world can be improved. Any change makes a difference. The way we do it enables local communities across the world to become more successful in the fight against hunger, creating jobs and strengthening equality. The key is to make the locals self-reliant by launching their ideas with financial support. We are a non-profit association of members who provide that support. Do you want to join?
