August 2018

Dear IMS Community,

I am pleased to confirm that Indian Mountain School reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labor, Environment and Anti-Corruption. This is our Communication on Engagement (COE) with the United Nations Global Compact. We welcome feedback on its contents.

In this Communication on Engagement, we describe the actions that our organization has taken to support the UN Global Compact and its Principles as suggested for an organization like ours. We also commit to sharing this information with our parents, alumni, and other members of our community using our primary channels of communication.

Begun in 2000 the UN Global Compact is a collection of thousands of companies and organizations from around the world that have committed to making the planet more sustainable and just by agreeing to operate in support of and in accordance with a set principles centered in the areas of human rights and environmental stewardship. IMS pledged its support of the Global Compact in 2016 and in the intervening years we have taken a number of actions in fulfilment of this pledge. For more details about those steps and IMS's future plans along these lines, please refer to the following sections of this document. For information on the UN Global Compact please visit their website at [www.unglobalcompact.org](http://www.unglobalcompact.org).

Sincerely yours,
