PEOPLE AND COMPANY WORKING TOGETHER WITH PASSION, ENTHUSIASM AND COMMITMENT

We hold the Talent Olympics, aimed at boosting our employees' loyalty

We are becoming a better work place by implementing a series of improvements

Consolidation of the La Farga Continuous Improvement System (LFCIS) for operational excellence

Continuation of the continuous improvement programme "0 accidents and beyond" and the 5th Safety Culture Week

SOLUTIONS AND ANSWERS FOR MAJOR DEMANDS

454

CLIENTS

€1,879,026
Investment in R&D&i
60% of the cash flow

€36,304
Outright grants received
to carry out R&D&i programmes

INNOVATION TO SERVE OUR CLIENTS' NEEDS

Completion of the Eurotapes project, developing superconductor tape that integrates innovative materials and architectures in profitable processes for energy and magnet applications

Certification of the Sanistar tube to address the French sanitation market

We continue to focus on giving clients value: product segmentation based on our experience and knowledge of copper solutions

An increase in the product range with the Evotub project, enhancing internal efficiency and improving external excellence

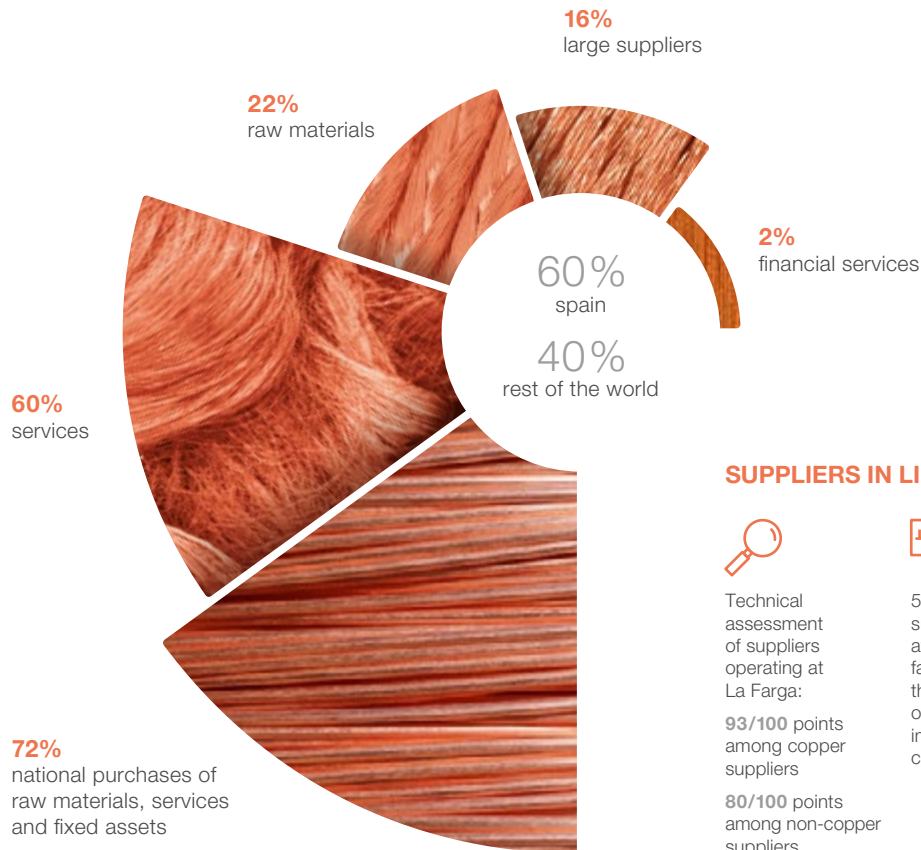

We encourage a technical approach to sales to provide clients with the best solutions

WINNING SYNERGIES WITH SUPPLIERS

862

SUPPLIERS

SUPPLIERS IN LINE WITH OUR VALUES

Technical assessment of suppliers operating at La Farga:

93/100 points among copper suppliers

80/100 points among non-copper suppliers

5S training for suppliers working at the La Farga facilities to ensure they engage with our continuous improvement culture

Our raw materials have guaranteed traceability (certificate of origin)

LOCAL INVOLVEMENT

€1,032,991

IN GRANTS SINCE 2006

recognising corporate
and social dynamism
and innovation

RESPECT FOR OUR ENVIRONMENT

€148,979

SPENT ON THE ENVIRONMENT

CONTINUOUS IMPROVEMENT TO REDUCE OUR ENVIRONMENTAL FOOTPRINT

Adaptation to the 2015 version of our environmental management system, certified by the ISO 14001 standard

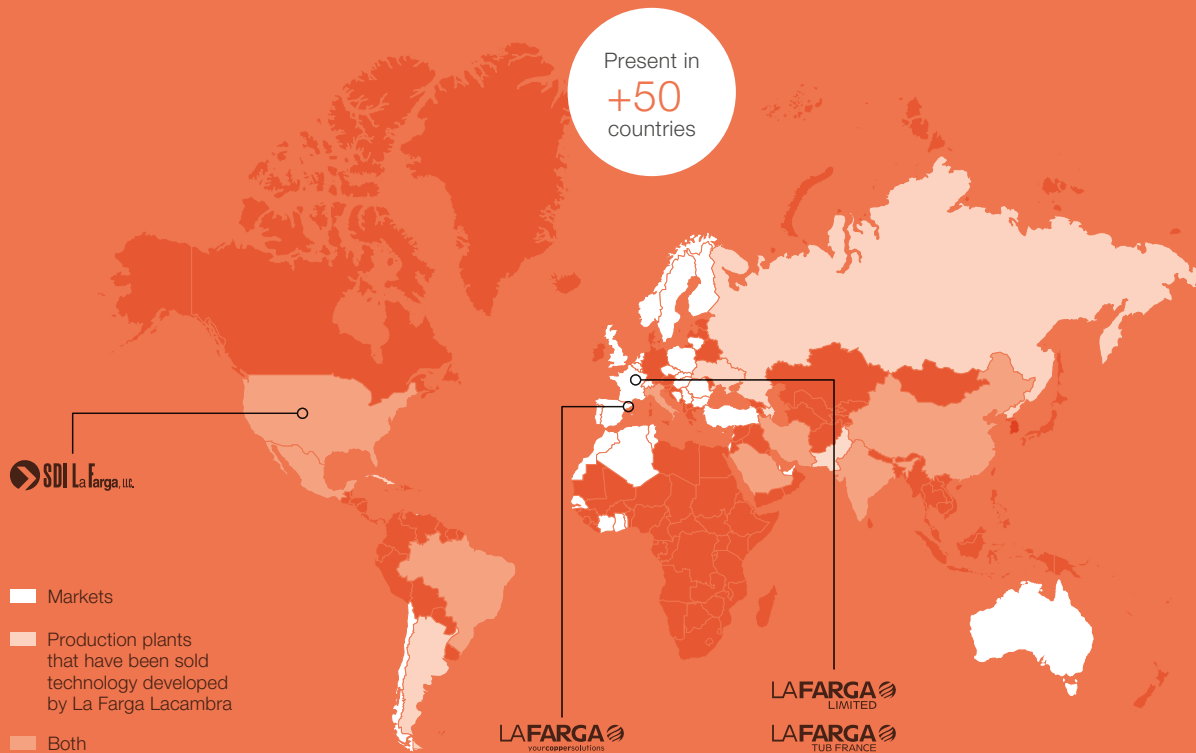

30% of our products have been produced via Evotub, a less energy-intensive process

Increased energy efficiency thanks to a change in the lighting used in the drawing section

WE'RE PROVIDERS OF STRATEGIC SOLUTIONS FOR COPPER AND ITS ALLOYS

INTERNATIONAL MARKET

Our commitment, a global commitment

La Farga's mission is to produce innovative solutions for copper and other metals, creating value and meeting the expectations of clients and society by means of a responsible and sustainable approach to business that's committed to our team.
