To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to delayed evaluation of some of the efforts being implemented in our organization that are in line with UN Global Compact's principles. We however believe that the evaluation process will soon be completed thereby enabling us to complete compilation of our COP report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 3rd December, 2018 at the latest.

Sincerely yours,

Robert Odera

Human Resource Officer
