12 September 2018

Greetings from Makini School,

We kindly request for a grace period in submitting the COE due to the recent change of management we have undergone.

We require more time to align the COE with the goals of the school vis-à-vis the new management, Scholé International.

We apologise for any inconvenience this may cause and look forward to upcoming activities with the Global Compact Network, Kenya.

Thank you,

Katya Nyangi
