To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report because we reached the UN Global Compact by phone and the person that assist the call told me that we are not the kind of non-governmental organization, which actions correspond to the classifications in the UN Global Compact.

That is the reason, but we insist on being part of this wonderful net, I will get in touch again or visit your office in Mexico City to rectify our commitment.

I represent two organizations within de UN Global Compact, there for I'll speak for both.:  
Federación Mexicana de Comunidades Terapéuticas AC. and Centro Terapéutico en Rehabilitación CURE AC

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by the end of November at the latest.

Sincerely yours,

Quetzalli Manzano Ruiz  
President
