To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the huge work we are doing in implementing our « Ambition 2020 » project.

This project covers all the UN Global Compact requirements as it is an integration of the ISO26000 norm and you can find here our commitment

in english : [http://www.megatron.fr/files/pdf/other/AMBITION\\_2020\\_UK.pdf](http://www.megatron.fr/files/pdf/other/AMBITION_2020_UK.pdf)

or in french : [http://www.megatron.fr/files/pdf/other/AMBITION\\_2020.pdf](http://www.megatron.fr/files/pdf/other/AMBITION_2020.pdf)

As this commitment will contain KPIs, we will then be able to post a COP meeting GC Advanced criterias.

We hereby ask for an extension period in order to be able to post a COP that describes in the most representative way our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by December 15, 2018 at the latest.

Sincerely yours,

Eric DEUR  
General Manager
