### **Grace Letter**

**13-Sep-18**

#### **To Our Stakeholders:**

We recognize that a key requirement for participation in the UN Global compact is the annual preparation and posting of a communication on progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report because we were so busy executing project that are aiming to address Water Management, operation and maintenance for Bekaa Water Establishment (BWE) and we are willing to include our results in our COP, also within this grace period we will test and commission several project in wastewater sector, where we are implementing Energy Efficiency solutions.

Our projects are funded by many NGO's such but not limited to Swiss Embassy Corporate division, GVC, Action Against Hunger.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principle of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by December 10, 2018 at the latest.

Best regards,

Ahmad M. Saleh  
General Manager
